MUNICIPAL STATUS FOR EACH CITY AND/OR TOWN WITHIN THE PROJECT AREA

APPENDIX H

MUNICIPAL STATUS FOR EACH CITY AND/OR TOWN WITHIN THE PROJECT AREA

The information provided below was obtained from the Governor's Office of Planning and Research (OPR). OPR conducts an annual survey directed to cities and counties throughout California to request information on the status of the seven mandatory general plan elements and any optional elements, contact information, special planning activities of individual agencies, and general statewide trends in planning. Since the geographic scope of the Project Area encompasses numerous counties and incorporated cities, the following table was provided to clearly identify the municipal status (Incorporated or Unincorporated) for each city and/or town within the Project Area. Additionally, the date of the last General Plan Land Use Element Update is provided to ensure compliance with each document. Further information on each jurisdiction's size, charter status, year incorporated and population is available at the following web address: <http://www.calpin.ca.gov/information/default.asp>.

^a Municipal Status refers to whether the city or town is incorporated or unincorporated.

^b Date of last update for each incorporated City and County's General Plan Land Use Element within the Project Area. If the town is unincorporated, the date of the County's General Plan Land User Element is provided (e.g. 2000 – County).
